## BRICKWORKS SECURES LONG TERM EAST COAST GAS SUPPLY

Brickworks is pleased to announce it has entered into a new five year gas supply agreement with Santos to secure the supply of wholesale gas for its Queensland, NSW, Victorian and South Australian operations through to the end of 2024.

The agreement which commences on 1 January 2020 provides Brickworks' East Coast operations with a flexible source of gas at market competitive and stable long-term prices.

The gas supply agreement at market competitive prices allows Brickworks to continue its focus on operational excellence. Brickworks sees significant advantages in transforming to the wholesale market, particularly in regards to flexibility of supply to enable varying gas demand to accommodate variable brick production.

Brickworks Managing Director, Lindsay Partridge, said "The new gas supply agreement with Santos provides our East Coast operations with flexibility and certainty of gas supply at competitive prices and will underpin our strong manufacturing position in Australia."
